

Goodyear Centerpointe

Goodyear Centerpointe is a 30-acre retail power center located at the intersection of Interstate 10 and Estrella Parkway in Goodyear, AZ. When Goodyear Centerpointe opened in the Spring of 2008, it featured tenants such as Toys "R" Us, Mervyn's, BevMo, Sport Chalet, Circuit City and Party City along with three tenant buildings totaling 250,000 square feet. Extensive coordination was also required during the offsite improvements of McDowell Road, as well as a public sewer main that runs the entire length of the project and is within an easement.

Foursite worked closely with our clients in-house project management personnel to develop construction documents in accordance with the tenant's construction criteria. Once the multiple plan sets were completed and approved by city staff, Foursite oversaw the entire onsite and vertical construction phase.
